ARPANET ACCOUNTS

This RFC is being issued in response to numerous requests for information on opening an account at a given site on the ARPAnet. If you have any changes or additions, please send them to Jake Feinler (ident JAKE for the NIC journal, FEINLER@SRI-ARC for sndmsg) before July 15, 1973 for inclusion in the next Resource Notebook (NIC 6740).

JAKE/kk

AMES-67

Address: NASA AMES Research Center
Mail Stop 233-7
Moffet Field, California 94035

Contacts: Sam Pitts (415) 965-5016
Sally Rogallo (415) 965-6008

Accounts: -Experimental accounts are available with limited file storage. Contact Sally Rogallo for information.

-Does sell computer time; contact Sam Pitts.

BBN-TNEX & BBN-TENEXB

Address: Bolt, Beranek and Newman, Inc.
Research Computer Center
50 Moulton Street
Cambridge, Massachusetts 02138

Contacts: Ted Strollo (617) 491-1850 x349
Bill Diskin (617) 491-1850 x345

Accounts: -Initial experimental use of the Research Computer Center can be arranged through Ted Strollo.
To open an account and/or for information on opening an account (when buying computer time) on TENEX, a purchase order should be sent to Bill Diskin, Contract Manager, at BBN along with a name and phone number which the Operations Manager may call to assign the user an ID code and account number.

CASE-10

Address: Case Western Reserve University
Andrew R. Jennings Computing Center
Crawford Hall, Room 311
10900 Euclid Avenue
Cleveland, Ohio 44106

Contact: Gail Moore (216) 368-2984

Accounts: -Limited use experimental accounts (no file storage with these) are available to Network users only upon individual request, which requires a letter requesting an account and password.

-Does sell computer time; however, charges are not to exceed $50 a month.

CMU-10A & CMU-10B

Address: Carnegie-Mellon University
Computer Science Department
Pittsburg, Pennsylvania 15213

Contacts: Dr. Ronald Rutledge (412) 621-2600 x178
Howard Wactler (412) 621-2600 x158

Accounts: -Experimental accounts are available by contacting the above.

-Does not sell computer time.
CCA

Address:    Computer Corporation of America
            575 Technology Square
            Cambridge, Massachusetts 02139

Contact:    Don Cantor (617) 491-3670

Accounts:  -No information is currently available; Networking accounts are presently being worked out. Don Cantor will mail documentation when available.

CULLER-HARRISON CO.

Address:    150 Aero Camino
            Goleta, California

Contact:    (805) 968-1813

Accounts:  -No information currently available; contact again in June, 1973.

HARV-10

Address:    Harvard University
            33 Oxford Street
            Cambridge, Massachusetts 02138

Contacts:  George Mealy, Administrator (617) 495-3998
            Brad Reussow (617) 495-4147
            Bill Conrad (617) 495-4147

Accounts:  -Have limited use experimental accounts. Type HELP and information will be given on these accounts and/or contact above.

-Does not sell computer time.

ILLIAC

Address:    Nasa-Ames Research Center
            ILLIAC Project Group
            1095 Duane Court, Suite 114
            Sunnyvale, California 94016

Contact:    Clark Oliphant (408) 735-0990
Accounts: -Contact above for information on services offered. As part of the ILLIAC project is supported by ARPA, Mr. Oliphant suggested that Santa Barbara contact ARPA if we were interested in using their facilities.

-Does not sell computer time.

LL-67

No information currently available.

LL-TX2

Address: MIT Lincoln Laboratory, TX-2 Group
P.O. Box 73
Lexington, Massachusetts 02173

Contact: William Kantrowitz, Accounts Administrator
(617) 862-5500 x7349

Accounts: -Have experimental accounts. For experimental accounts that permit file storage contact William Kantrowitz.

-Does not sell computer time.

MIT-AI

No information available.

MIT-DMCG

Address: MIT Project MAC
Dynamic Modeling/Computer Graphics
545 Technology Square
Cambridge, Massachusetts 02139

Contact: Abhay Bhushan (617) 253-1428

Accounts: -Have experimental accounts. For experimental accounts that store files contact Abhay Bhushan.

-Does not sell computer time.
MIT-ML

Address: MIT Project MAC
        Automatic Programming Division
        545 Technology Square, Room 201A
        Cambridge, Massachusetts 02139

Contact: Joe Moses (617) 253-5892

Accounts: -Have experimental accounts; can use without contacting if familiar with system.
-Does not sell computer time.

MIT-MULTICS

Address: Project MAC, Multics Group
        Massachusetts Institute of Technology
        545 Technology Square
        Cambridge, Massachusetts 02139

Contact: Michael Padlipsky (617) 253-6006

Accounts: -Have two types of experimental accounts:
(1) limited usage or sampling level, as "anonymous users";
(2)frequent-to-regular use basis, under own name which requires contacting Michael Padlipsky.
-Does sell computer time. Paying customers may obtain information through the IPC User Accounts & Registration Office (617) 253-4118.

SDC-ADEPT

Address: Systems Development Corporation
        2500 Colorado Avenue
        Santa Monica, California 90406

Contacts: Janet Troxel (213) 393-9411 x495
          Arie Shoshani (213) 393-9411 x393 or 6119

Accounts: -Have experimental accounts; users should contact above prior to usage.
-Does sell computer time through their Computer Center; above contacts will refer to proper contact.
SCRL

Address: Speech Communications Research Laboratory
         800A Miramonte Drive
         Santa Barbara, California 93109

Contact: David Retz (805) 965-3011

Accounts: -Does not sell computer time.
          -Really don’t have anything to offer to outside users at present, other than mail service.

SRI-AI

Address: Stanford Research Institute
         Artificial Intelligence Group
         333 Ravenswood Avenue
         Menlo Park, California 94025

Contact: Bert Raphael (415) 326-6200 x4122

Accounts: -Have experimental accounts; if long usage is planned contact above. Usage must be beneficial to SRI.
          -Does not sell computer time.

SRI-ARC

Address: Stanford Research Institute
         Augmentation Research Center
         33 Ravenswood Avenue
         Menlo Park, California 94025

Contact: Jim White (415) 329-0740

Accounts: -Have experimental accounts with no long term storage available. Casual users may login as "Guest". More serious users should contact Jim White to negotiate another ident, password, etc.
          -Does sell computer time. Contact Mike Kudlick
SU-AI

Address: Stanford Artificial Intelligence Laboratory
         Computer Science Department
         Stanford University
         Stanford, California 94035

Contact: Lester Earnest (415 321-2300 x4971

Accounts: -Call above to find out if you can experiment with free
          accounts, especially during the day.
          -Does not sell computer time.

UCLA-CCN

Address: Campus Computing Network
         Math-Science Building
         University of California
         Los Angeles, California 90024

Contacts: Bob Braden (213) 825-7518
          Bob Bell (213) 825-7548

Accounts: -For experimental access, which is determined on an
          individual basis, contact Bob Braden.
          -Does sell computer time. Contact Bob Bell.

UCLA-NMC

Address: Computer Science Department
         School of Engineering & Applied Science
         3732 Boelter Hall
         University of California
         Los Angeles, California 90024

Contact: Ari Ollikainen (213) 825-2381

Accounts: -Have experimental accounts. Contact above.
          -Does not sell computer time.

UCSB-MOD75

Address: Computer Systems Laboratory
         University of California
         Santa Barbara, California 93106
Contacts: Gloria Gray (805) 961-2261
        Nancy Vaughan (805) 961-2901

Accounts: -For experimental access, which is determined on an individual basis, contact Nancy Vaughan.

-Does sell computer time. Contact Gloria Gray for information on opening a Computer Center account.

UCSD-CC

Address: Computer Center
        University of California
        La Jolla, California 92037

Contact: Jerry Fitzsimmons (714) 453-200 x1933

Accounts: -No experimental accounts; however, if someone is interested in a particular USCD program, write a letter about interest in experimenting and UCSD might set up a small free account with limited usage.

-Does sell computer time.

USC-ISI

Address: University of Southern California
        Information Sciences Institute
        4676 Admiralty Way
        Marina Del Rey, California 90291

Contact: John Melvin (213) 822-1511

Accounts: -Contact John Melvin regarding inquiries on experimental use of facilities.

-Does not sell computer time.

UTAH-10

Address: University of UTAH
        Computer Science Division
        3160 Merril Engineering Building
        Salt Lake City, Utah 84112

Contacts: Tom Stockham (801) 581-8224
          Carl Ellison (801) 581-8224
Accounts: -For experimental accounts, which are determined on an individual basis, contact Carl Ellison for password. For anything more, i.e., programs, etc. contact Dr. Stockham by mail. Does not sell computer time.
